

ENVIRONMENTAL POLICY

Coidan Graphite Products Ltd is committed to minimize the impact of its activities on the environment

The key points of our strategy to achieve the above are:

- Minimise waste by evaluating operations and ensuring they are as efficient as possible
- Actively promote recycling both internally and amongst our customers and suppliers
- Utilise local companies wherever possible to minimize the product miles of our goods
- Minimise toxic emissions through the selection and use of non toxic materials wherever possible
- Review power sources and energy consumption to keep this to a minimum
- Actively promote products that have a longer life and promote recycling of the used product
- Meet or exceed the environmental regulations and legislation that relates to the company
